

2024 industrial and commercial energy storage exhibition

What is Shanghai New Int'l Expo 25-27 September, Shanghai New Int'l Expo Center (Longyang Road, Pudong District, Shanghai,China) The conference and exhibition theme will focus on promoting the development of new energy storage and green, low-carbon innovation of new generation power equipment. Invitation What is SNEC international energy storage Conference & Exhibition?With the rapid development of China's energy storage industry, the 9th SNEC International Energy Storage Conference and Exhibition has become the most professional, international, and large-scale energy storage conference and exhibition in the world. What is the energy storage brand exhibition?Experts and representatives from well-known companies in China and other countries and regions explored the development trends of the energy storage industry. The energy storage brand exhibition kicked off on April 11 and will last until April 13 at Shougang Park Convention and Exhibition Center, attracting more than 500 energy storage brands. Is Shougang Park a good venue for Esie ?This year, Shougang Park was chosen as the venue for ESIE, evidencing the distinct advantages of Shougang Park in terms of holding large-scale international conferences. (Source: Shougang Park) The 12th International Conference and Expo (ESIE) was launched on April 10 and will last until April 13 in Shougang Park. SNEC 9th () International Energy Storage Technology, Equipment and Application Conference & Exhibition 25-27 September, Shanghai New Int'l Expo Center (Longyang Road, Pudong District, Shanghai,China) SNEC 9th () International Energy Storage Technology, Equipment and Application Conference & Exhibition 25-27 September, Shanghai New Int'l Expo Center (Longyang Road, Pudong District, Shanghai,China) The pledge of achieving "Carbon Neutrality" will accelerate the leap forward development of renewable energy and put forward higher requirements for energy storage. During the 14th Five Year Plan period, China's renewable energy will fully enter the era of grid parity, providing a reasonable price SNEC 9th () International Energy Storage Technology, Equipment and Application Conference & Exhibition 25-27 September, Shanghai New Int'l Expo Center (Longyang Road, Pudong District, Shanghai,China) The conference and exhibition theme will focus on promoting the development of new The 12th International Conference and Expo (ESIE) was launched on April 10 and will last until April 13 in Shougang Park. This year's ESIE is hosted by Zhongguancun Energy Storage Industry Technology Alliance, the China Energy Research Society, and the Institute of Engineering Thermophysics of In the upstream of the industrial chain, there are energy storage batteries, energy storage converters (PCS), battery management systems (BMS), energy management systems (EMS), air compressors, heat exchangers, expanders, hydrogen production and other raw materials and core equipment supply; In the With the rapid development of China's energy storage industry, the 9th SNEC International Energy Storage Conference and Exhibition has become the most professional, international, and large-scale energy storage conference and exhibition in the world. Its exhibition content includes energy storage The conference will bring together Policymaker, senior experts, market leaders, international financial institutions and advisory bodies as well as authori. SNEC ES+ is held in (Shanghai), China, from 9/25/ to 9/25/ in Shanghai
